

# Swiss Chart of Accounts

Standard Swiss SME chart of accounts (Kontenrahmen KMU) · the 9 classes · template & reference

The **Swiss SME chart of accounts** is a widely used reference framework organised into **nine classes**, from assets (class 1) to the year-end closing (class 9). It is not the only permitted plan: companies may adapt the individual accounts to their legal form, industry and reporting needs, and the smallest sole proprietorships and partnerships (revenue below CHF 500,000) may keep simplified accounts. This template lists the main accounts, aligned with **art. 957 ss of the Swiss Code of Obligations**; account numbers can be extended to fit your business.

### HOW TO USE THIS TEMPLATE

- Classes 1–2 build the **balance sheet**; classes 3–8 build the **income statement**.
- Add sub-accounts (e.g. 1021, 1022) under any account to match your activity.
- Books & vouchers must be kept **10 years** (art. 958f CO); electronic archiving must guarantee the integrity, legibility and availability of the records throughout the period.

### SOURCE & FRAMEWORK

Based on the Swiss SME Chart of Accounts developed by Sterchi, Mattle and Helbling, aligned with the Code of Obligations (art. 957–963b CO). The official school version is available through the SECO SME Portal (kmu.admin.ch). Extract of the main accounts — not exhaustive.
